Dear Mr. Gruenberg:

I am writing to you for several reasons. The first is to respectfully urge the board of directors of the FDIC to attend the hearing on April 11th. It is vitally important that each individual attend and hear the testimony.

The second reason I am writing is because I am a small business owner in the medical equipment business in WA State. I have personal experience with another larger company trying to put me out of business. On more than one occasion, I have found myself fighting off this predator.

Based on WalMart's past behavior driving other small businesses out of business, I am very concerned that if they are allowed to form a bank it will seriously jeopardize the community banks that are a part of every community.

The last thing we need in this country is another example of corporate greed. What will be next? Forming a health insurance company that will take over health care.

Please do not allow WalMart to form a bank. It will be a very dangerous step for the FDIC to allow this predator to become engaged in any financial institution.

Nancy S. Campbell, President
Therapeutic Resources, Inc.
